

Developing competencies for children and adolescents through creativity

MOTIVATION THROUGH CREATIVITY

DEVELOPING ENTERPRENEURIAL CREATIVITY FOR YOUNGSTERS THROUGH THE ARTS

A' TECHNICAL SCHOOL OF LIMASSOL

MOTIVATION THROUGH CREATIVITY

DEVELOPING ENTREPRENEURIAL CREATIVITY FOR YOUNGSTERS THROUGH THE ARTS

The A' Technical School of Limassol through its experience in Arts and Crafts can offer workshops so that students can discover new hobbies and talents.

These hobbies could end up to be the starting point to creating an extra income for them or become their main field of work.

Through creative arts and crafts, a young person can:

- Improve his/her personality.
- Learn a hobby and fill his/her free time.
- Discover a hidden talent in Arts and Crafts.
- Make a career out of selling home made crafts from home or through internet.
- Feel good and secure about his/her life.
- Create new improved social life.
- Make extra money.

ARTS AND CRAFTS WORKHOPS

Mosaics
Crafts
Stenciling
Pappier Mache
Faux bijoux (accessories)
Collage
Patchwork
Clay crafts (clay modeling workshop)
Accessories using fabric and leather

We can also help teachers learn to use other tools to make their classes more creative like:

Photography - 3D design (Sketchup) - Psychology of Colour

So, let us teach you several Art techniques, share our thoughts and ideas, compare methods and skills, show you all about our culture and all these to your students.
